

Hayley Parker

07725 333956 | hb_060492@hotmail.co.uk | LinkedIn: [hayleyparker1](#) | GitHub: [codenamehaylz](#)

Motivated and diligent individual who is passionate about coding and creating. Recently graduated from a Front-End Web Development course whilst also working full-time, now keen to switch to a career in tech after 7 years of experience working in administration.

Skills:

HTML	React.js	AJAX	Agile Development
CSS	Node.js	JSON	Team collaboration
JavaScript	Bootstrap	APIs	Responsive mobile-first design
ES6	Git	npm	Project presentation
jQuery	GitHub	Jest	

Education:

Front-End Web Development – edX, Nov 2022 – Mar 2023

- A 16-week bootcamp course covering the skills and technologies needed for front-end web development. During the course I completed several coding challenges and two large group projects and achieved an overall A grade.

BA English Literature – UCLan, 2010 – 2013

- First Class Honours in Bachelor of Arts degree in English Literature. I also received the School Dissertation Award.

Projects:

Roamer – A tool for tourists and travel enthusiasts to explore cities around the world.

- Technologies: React, Node.js, Bootstrap, custom CSS, React-Leaflet, Axios, APIs. The log-in system utilizes local storage currently, but we plan to develop a backend server.
- github.com/codenamehaylz/roamer | roamer.netlify.app/

Workout Kitchen – A web application in which users can search and save exercises and recipes, based on their preferences.

- Technologies: JavaScript, jQuery, jQuery UI, Bootstrap, custom CSS, AJAX, APIs.
- github.com/codenamehaylz/workout_kitchen | allen-ec.github.io/workout_kitchen/

Work Experience:

Administration Assistant – Plumbs Ltd, Jun 2016 – present

- My role is to purchase fabric for customer orders from our Prestige range of fabrics. These orders are often high value and require more care and attention to detail.
- Responsibilities: Using the Oracle system to create and edit fabric data, purchasing fabric, liaising with suppliers, communicating with colleagues at all levels of the business, producing reports, matching invoices to purchase orders, stock taking. I use the Oracle system and Microsoft Office programs daily.
- **Skills:** Communication, organisation, time management, confidence with database systems, teamwork.

Data Cleanser – Lancashire Constabulary, Oct 2015 – Nov 2015

Cleaner – Preston North End F.C., Feb 2015 – Apr 2015

Library Assistant – University of Central Lancashire, Jan 2014 – Jan 2015

Room Attendant – Premier Inn, Jun 2013 – Jan 2014
